INTRODUCTION

OVERVIEW

ATLAS OF CANADA is a program for learning the provinces of Canada, their capitals, and various landmarks. The landmarks include lakes, islands, bays, rivers, straits, and prominent cities. The program draws an outline of Canada and then highlights a province and its capital, or a landmark. You identify the entity, based on its position on the map and a clue (for example "province" or "river"). If you guess wrong, the correct name displays. The outline then changes to blue and the program repeats these steps for another entity, until all the provinces and their capitals, along with the landmarks, are outlined on the map.

ATLAS OF CANADA displays your number of correct answers as you progress through the program. It presents the provinces and landmarks in a different order each time you begin a session.

REQUIRED ACCESSORIES

ATARI BASIC Language Cartridge
GETTING STARTED

LOADING ATLAS OF CANADA INTO COMPUTER MEMORY

1. Insert the ATARI BASIC Language Cartridge in the (Left Cartridge) slot of your computer.

2. If you have an ATARI 850 Interface Module, turn it off.

3. If you have the cassette version of ATLAS OF CANADA:
   a. Turn on your TV set.
   b. Turn on your computer and connect your program recorder to the computer and to a wall outlet.
   c. Slide the ATLAS OF CANADA cassette into the program recorder's cassette holder and press REWIND on the recorder until the tape rewinds completely. Then press PLAY.
   d. Type CLOAD on your computer and then press the RETURN key two times. The tape will load into computer memory.
   e. After the tape finishes loading, the word READY will display on your TV screen. Type RUN and press the RETURN key. The first display screen will appear on your TV screen.

If you have the diskette version of ATLAS OF CANADA:

a. Turn on your disk drive.

b. When the BUSY light goes out, open the disk drive door and insert the ATLAS OF CANADA diskette with the label in the lower right-hand corner nearest to you. Close the door.

c. Turn on your computer and TV set.

d. When the READY prompt displays on your TV screen, type RUN "D:ATLAS" and press the RETURN key. The program will load into computer memory and start.

THE FIRST DISPLAY SCREEN

The title screen, consisting of the words

ATLAS OF CANADA

and an outline of Canada, displays briefly.
USING ATLAS OF CANADA

The program highlights a province or landmark, randomly selected, by outlining it in white in its proper geographic location on the map. The title over the map changes to:

ATLAS OF CANADA
CORRECT 0
PROVINCE

?  

(if the first selection is a province) and a yellow question mark appears on the left-hand side of the screen, below the title. As you type in the name of the province, its capital, or the landmark, your answer displays in front of the question mark. The program interprets a misspelled name as a wrong answer. Therefore, use the DELETE/BACK SPACE key to correct typing errors and retype the name. When you're satisfied with your answer, press the RETURN key. (If you don't know the name and don't want to guess, press the RETURN key without typing in a name. The program will interpret this response as an incorrect answer.)

If your answer is correct, the program congratulates you. If your answer is incorrect, the program tells you "WRONG" and displays the correct answer.

Whenever the program asks you to identify a province, it then always asks you next to identify the provincial capital. The display over the map changes to:

ATLAS OF CANADA
CORRECT 0
PROVINCE
<name of province>
CAPITAL

?

Type in your answer in the same way you did for the province. After you respond, the program verifies your answer and computes your score, which it displays under the title at the top of the screen. It then prompts you for the next province or landmark and repeats these steps.

REPLAYING ATLAS OF CANADA

To replay ATLAS OF CANADA, press the START key. The program will start over.
DISCLAIMER OF WARRANTY AND LIABILITY ON COMPUTER PROGRAMS

Neither Atari, Inc. ("ATARI"), nor its software supplier, distributor, or dealers
make any express or implied warranty of any kind with respect to this computer
software program and/or material, including, but not limited to warranties of
merchantability and fitness for a particular purpose. This computer program software
and/or material is distributed solely on an "as is" basis. The entire risk as to the
quality and performance of such programs is with the purchaser. Purchaser accepts
and uses this computer program software and/or material upon his/her own inspection
of the computer software program and/or material, without reliance upon any
representation or description concerning the computer program software and/or
material. Should the computer program software and/or material prove defective,
purchaser and not ATARI, its software supplier, distributor, or dealer, assumes the
entire cost of all necessary servicing, repair, or correction, and any incidental
damages.

In no event shall ATARI, or its software supplier, distributor, or dealer be liable
or responsible to a purchaser, customer, or any other person or entity with respect
to any liability, loss, incidental or consequential damage caused or alleged to be
caused, directly or indirectly, by the computer program software and/or material,
whether defective or otherwise, even if they have been advised of the possibility of
such liability, loss, or damage.

LIMITED WARRANTIES ON MEDIA AND HARDWARE ACCESSORIES

ATARI warrants to the original consumer purchaser that the media on which the
computer software program and/or material is recorded, including computer program
cassettes or diskettes, and all hardware accessories are free from defects in
materials or workmanship for a period of 30 days from the date of purchase. If a
defect covered by this limited warranty is discovered during this 30-day warranty
period, ATARI will repair or replace the media or hardware accessories, at ATARI's
option, provided the media or hardware accessories and proof of date of purchase are
delivered or mailed, postage prepaid, to the ATARI Program Exchange.

This warranty shall not apply if the media or hardware accessories (1) have been
misused or show signs of excessive wear, (2) have been damaged by playback equipment
or by being used with any products not supplied by ATARI, or (3) if the purchaser
causes or permits the media or hardware accessories to be serviced or modified by
anyone other than an authorized ATARI Service Center. Any applicable implied
warranties on media or hardware accessories, including warranties of merchantability
and fitness, are hereby limited to 30 days from the date of purchase. Consequential
or incidental damages resulting from a breach of any applicable express or implied
warranties on media or hardware accessories are hereby excluded. Some states do not
allow limitations on how long an implied warranty lasts, so the above limitation may
not apply to you. Some states also do not allow the exclusion or limitation of
incidental or consequential damage, so the above limitation or exclusion may not
apply to you.
We’re interested in your experiences with APX programs and documentation, both favorable and unfavorable. Many software authors are willing and eager to improve their programs if they know what users want. And, of course, we want to know about any bugs that slipped by us, so that the software author can fix them. We also want to know whether our documentation is meeting your needs.

You are our best source for suggesting improvements! Please help us by taking a moment to fill in this review sheet. Fold the sheet in thirds and seal it so that the address on the bottom of the back becomes the envelope front. Thank you for helping us!
