INTRODUCTION

OVERVIEW

FLAGS OF EUROPE is a colorful program that can help youngsters and adults alike quickly become experts at recognizing European flags. Users can select from two kinds of quizzes for identifying each illustrated flag. Novices can start out with the multiple choice quizzes. As they become more proficient, they can go on to the fill-in-the-blank quizzes. In both kinds of quizzes, FLAGS OF EUROPE divides the number of questions into two separate program parts. The program helps out with clues in response to incorrect answers and then waits for another guess. Correct answers are rewarded with a few bars of the country's national anthem or of one of its native songs. FLAGS OF EUROPE remains a challenge after repeated use since the order in which the flags display varies from one session to the next, as does the selection of responses in the multiple choice quizzes. Teachers may use FLAGS OF EUROPE to teach the correct spelling of countries and their capitals as well as to identify the flags.

REQUIRED ACCESSORIES

40K RAM
ATARI BASIC Language Cartridge
ATARI 810 Disk Drive

OPTIONAL ACCESSORIES

One ATARI Joystick Controller

GETTING STARTED

LOADING FLAGS OF EUROPE INTO COMPUTER MEMORY

1. If you plan to use a Joystick Controller, plug it into the first controller jack of your computer console.

2. Insert the ATARI BASIC Language Cartridge into the cartridge slot of your computer.

3. Have your computer turned OFF.

4. Turn on your disk drive.

5. When the BUSY light goes out, open the disk drive door and insert the FLAGS OF EUROPE diskette with the label in the lower right-hand corner nearest to you. (Use disk drive one if you have more than one drive.)

6. Turn on your computer and your TV set. The program will load into computer memory and start automatically.

THE FIRST DISPLAY SCREEN

The first display screen contains the title and copyright notice:

FLAGS OF EUROPE
COPYRIGHT 1981 BY GARY A. DACUS
ALL RIGHTS RESERVED
REPRODUCTION OR USE OF THE WHOLE OR ANY PART OF THE CONTENTS WITHOUT WRITTEN PERMISSION IS PROHIBITED

After a brief period, the selection screen appears with a question mark at the lower left of the screen. Enter the letter "A" to play a multiple choice game or the letter "B" to play a fill-in-the-blanks game. Press the RETURN key after the letter entry.

If you choose "A", the following prompt displays:

KEYBOARD OR JOYSTICKS?

Type "K" or "J" and press the RETURN key.
PLAYING FLAGS OF EUROPE

MULTIPLE CHOICE GAME

Once the game starts, a country’s flag appears on the screen. Several countries’ names display below the picture. If you’re using the keyboard, type the capital letter of the correct answer and press the RETURN key. If you’re using the joystick, move it up, down, to the left, or to the right to make your choice. A different background color displays behind the letter you choose. When you’ve decided, press the red button. If you’re right, a portion of the country’s national anthem or a native song plays. If your answer is incorrect, the program gives you a hint by displaying the country’s capital. Then you have another chance. After your second guess, the program displays the correct answer and moves to the next flag.

FILL-IN-THE-BLANKS GAME

You can play this game with the keyboard only. Once the game starts, a country’s flag appears on the screen. Below the picture you see the following prompt

FLAGS OF EUROPE
PLEASE TYPE COUNTRY NAME?

Select an answer by typing the name of the country in capital letters, using correct spelling and spacing. Press the RETURN key after completing your entry.

Note: If you accidentally press the CAPS/LOWR key, and type in an answer using upper and lower case letters, the program interprets your answer as wrong. For example, if ALBANIA is the correct answer, the program won’t accept Albania or albania.

If you’re right, a portion of the country’s national anthem or a native song plays. If your answer is incorrect, you have a second chance after the program displays the country’s capital. After your second guess, the program displays the correct answer and moves to the next flag.

ENDING THE GAME and KEEPING SCORE

Your total number of correct answers always appears in the lower left corner of the screen. Part I of both the multiple choice and fill-in-the-blanks versions of FLAGS OF
EUROPE ends after you identify the flags for twelve countries. Your score displays in the following form

THANK YOU FOR PLAYING FLAGS OF EUROPE
YOU HAVE ____ CORRECT ANSWERS
(12 possible)
Press RETURN to continue

Press the RETURN key to go on to part 2 of FLAGS OF EUROPE.
Type "Y" and press the RETURN key in response to the prompt

Do you wish to play part 2? Y or N

The second part contains fourteen selections to which you respond in the same format as part 1.

You can interrupt FLAGS OF EUROPE at any time by pressing the SYSTEM RESET key. To restart the game, refer to the loading instructions in the GETTING STARTED section.
Limited Warranty on Media and Hardware Accessories. We, Atari, Inc., guarantee to you, the original retail purchaser, that the medium on which the APX program is recorded and any hardware accessories sold by APX are free from defects for thirty days from the date of purchase. Any applicable implied warranties, including warranties of merchantability and fitness for a particular purpose, are also limited to thirty days from the date of purchase. Some states don't allow limitations on a warranty's period, so this limitation might not apply to you. If you discover such a defect within the thirty-day period, call APX for a Return Authorization Number, and then return the product along with proof of purchase date to APX. We will repair or replace the product at our option.

You void this warranty if the APX product: (1) has been misused or shows signs of excessive wear; (2) has been damaged by use with non-ATARI Home Computer products; or (3) has been serviced or modified by anyone other than an Authorized ATARI Computer Service Center. Incidental and consequential damages are not covered by this warranty or by any implied warranty. Some states don't allow exclusion of incidental or consequential damages, so this exclusion might not apply to you.

Disclaimer of Warranty and Liability on Computer Programs. Most APX programs have been written by people not employed by Atari, Inc. The programs we select for APX offer something of value that we want to make available to ATARI Home Computer owners. To offer these programs to the widest number of people economically, we don't put APX products through rigorous testing. Therefore, APX products are sold "as is," and we do not guarantee them in any way. In particular, we make no warranty, express or implied, including warranties of merchantability and fitness for a particular purpose. We are not liable for any losses or damages of any kind that result from use of an APX product.

For the complete list of current APX programs, ask your ATARI retailer for the APX Product Catalog
Review Form

We're interested in your experiences with APX programs and documentation, both favorable and unfavorable. Many of our authors are eager to improve their programs if they know what you want. And, of course, we want to know about any bugs that slipped by us, so that the author can fix them. We also want to know whether our instructions are meeting your needs. You are our best source for suggesting improvements! Please help us by taking a moment to fill in this review sheet. Fold the sheet in thirds and seal it so that the address on the bottom of the back becomes the envelope front. Thank you for helping us!

1. Name and APX number of program.

2. If you have problems using the program, please describe them here.

3. What do you especially like about this program?

4. What do you think the program's weaknesses are?

5. How can the catalog description be more accurate or comprehensive?

6. On a scale of 1 to 10, 1 being "poor" and 10 being "excellent", please rate the following aspects of this program:
   
   _____ Easy to use
   _____ User-oriented (e.g., menus, prompts, clear language)
   _____ Enjoyable
   _____ Self-instructive
   _____ Useful (non-game programs)
   _____ Imaginative graphics and sound
7. Describe any technical errors you found in the user instructions (please give page numbers).
